

## - PRINTING AND DISTRIBUTION INSTRUCTIONS: DO NOT PRINT -

You can join the fight for [Freedom](#), [Liberty](#), and to [Save Our Republic](#) by sharing this information with everyone you can via word of mouth, email, texts, posting to your social media and websites, and by having these cards printed, handing them out, and helping us spread this critical information to as many people and organizations as possible, and please encourage them to do the same!

- **The following are two images you can have printed** as business-card-sized promotional cards. Have these printed as two-sided back-to-back cards that you can distribute freely while you still have the Freedom to do so!
- **And and a cost-effective example:** I had 250 double-sided cards printed up in-house at Staples that cost only \$25.

**PLEASE SERIOUSLY CONSIDER HELPING US TO SAVE OUR FUTURE!...**
